

Function Testimonials

Just a quick note in thanking you and your staff for a memorable evening last Friday. From the wonderful meal, professional and friendly staff to the remarkable room, we all enjoyed ourselves immensely. Wishing you a wonderful Christmas and we will see you for Christmas 2012.

I wasn't sure who to send this to as there were so many lovely people involved in our night last Friday and was hoping you would pass it on to everyone involved

I just wanted to thank you all so very much for a great night. Everyone really enjoyed themselves and we would highly recommend the Eaton's Hill to anyone wanting a well organized fun night. The Staff on the night were fantastic and it all made my job so much easier as it is often hard with such a mixed group of people to please everyone. Once again thank you all and we will be in touch I am sure for our next function and many more to come.

I just wanted to pass on my thanks for a fabulous lunch yesterday. The service was very friendly and efficient and everyone commented on the food. Most people have an expectation of 'pub food' so the food that was presented far exceeding those expectations. Of course, the room was beautiful and many of the people who came said they'd be back.

Just wanted to let you know what a great Christmas Party we had in the Talbot Room last night. Your wait staff were easy to work with and were very pleasant to all our guests. The room looked amazing, and the food was great and came out extremely promptly. Thank you for all your work and please thank your team on our behalf.

Could you please pass on my congratulations to everyone that worked so hard on Saturday night and in particular Amelia, who became my bestie on the night. She was amazing and had everyone running like clockwork and I seriously cannot thank her enough for everything she did. The chef needs to be congratulated on his amazing food, of which I hardly got to try because I was so busy with everyone. Desserts were unbelievable and once again I didn't get to taste but the table was heaving with delectable delights.

The bar staff were under pressure but did an amazing job so please thank them. To the entire staff on the night a huge thank you all made it a memorable night.
